

SWAN CTC

Explore routes you'd probably not
discover on your own with our
really friendly cycling club

We're a long established and well respected cycling club,
affiliated to Cycling UK

We ride on Wednesdays and Sundays, starting from two locations:
Earlestown Market and The Stag at Walton

There are several relatively traffic free routes to both start points

Alternatively, free parking is available at both locations

We generally ride at an easy pace of between 10 and 12 mph
with distances of 35 to 60 miles in length

Electric bikes are fine with us; we have several regular users

We know lots of interesting routes throughout Cheshire,
Lancashire, Merseyside (and beyond)

You'll discover quiet lanes you probably wouldn't find riding solo

We regularly organise tours of 2 - 4 days duration throughout
England & Wales

Our main concerns are enjoyment and rider safety; not speed
